n=No. of responses  
av.=Mean  
md=Median  
dev.=Std. Dev.  
ab.=Abstention

### 1. USA Instructor Evaluation

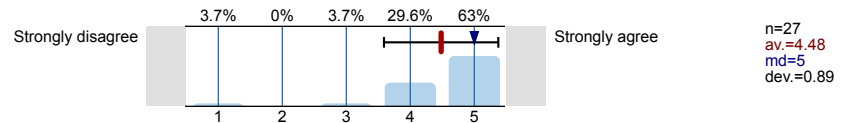

- 1.1) The instructor has clear policies (e.g., grading, attendance, office hours, and assignments).

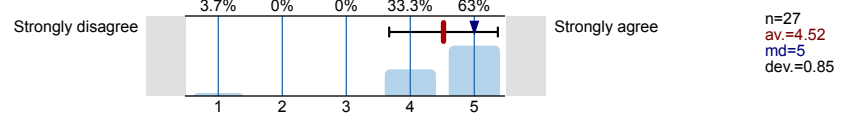

- 1.2) The instructor provided useful feedback on my progress within the course.

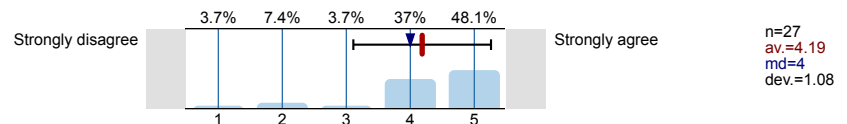

- 1.3) The instructor was well prepared for in class meetings.

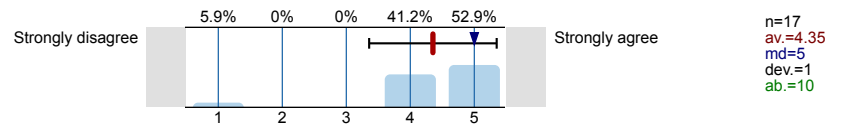

- 1.4) Examinations and other assignments reflect stated course objectives and course material.

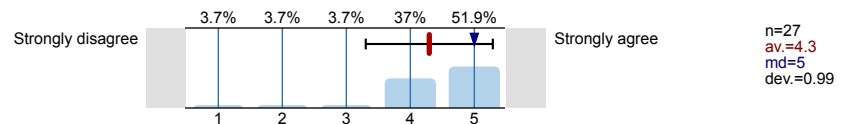

- 1.5) The instructor was successful in clarifying difficult concepts.

- 1.6) The instructor was well prepared for online class sessions and activities.

- 1.7) The instructor answered questions effectively.

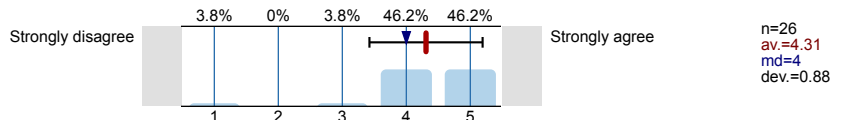

- 1.8) The instructor in this course was:

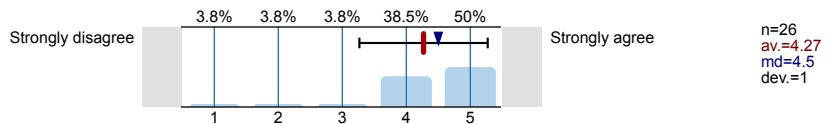

## 2. USA Course Evaluation

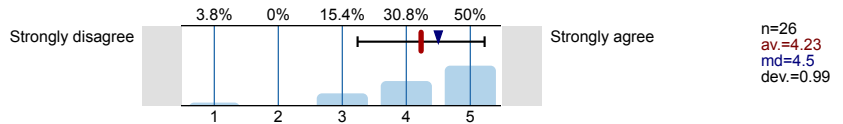

2.1) The course objectives and syllabus were clear.

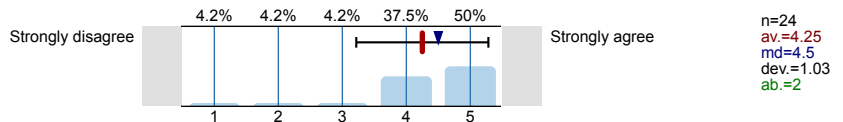

2.2) I learned what I expected to learn from this course.

2.3) The assigned materials were appropriate for the course.

2.4) The use of teaching technology (e.g., audio-visual presentations, PowerPoint presentations, online homework, threaded discussions, and email) was effective.

2.5) Overall, this course was:

2.6) Please list up to three things that you liked about this course.

- 1.the instructors clarity
- 2.the way the instructor explained the majority if the material
- 3.how helpful the instructor was in and out of the class room
- Clear teaching style  
Patient and able to approach concepts from multiple viewpoints (analytically, geometrically, etc)  
Extremely well versed in subject
- Fantastic teacher, all assignments were very clear
- He was a very good addition to the math department.
- He was great at explaining things.  
He didn't push us too fast and let us speak during class. It didnt feel like a lecture.  
He was always in a happy mood.
- I like that the tests reflected the covered material well. I liked the in class samples and lecture. I also liked the way the professor was helpful and would answer questions appropriately
- I liked almost everything about this course.
- Many HWs, many exams
- Simplistic and easy to understand.
- The instructor used online 3-D graphs to accurate explain how concepts were acting in real space. The homework was short and covered all concepts. The instructor too extra time to explain difficult concepts.
- The material, the teacher, and the class size.
- This course was very clear and straightforward. Dr. Holshouser is one of the best math professors I have ever had. The class was overall a great course.

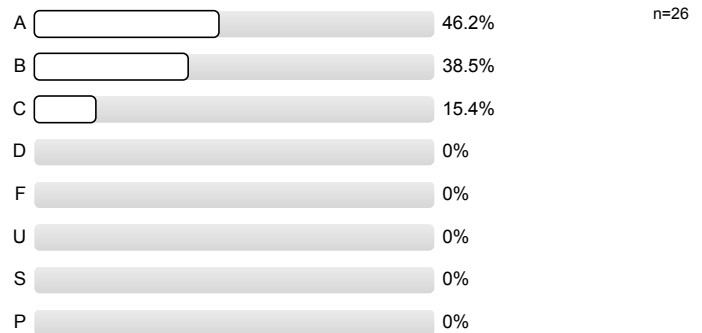

- everything
- the professor , materials, time.

2.7) Please list up to three things that you would change about this course.

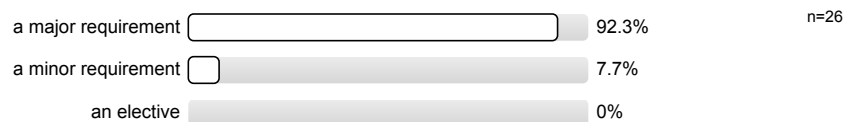

- I would change the amount of homework drop grades or bump up the percentage for homework.
- I would change the amount of homework each week because with a full class load it hard to keep up
- Increase office hours.
- Less homework.
- Limit the amount of the chapters
- N/A
- Nothing
- Nothing I can think of, except maybe more theory less physics.
- Nothing. Class was very well run
- There isn't much I can say about changing this course. If I can say one thing, it would be the amount of homework at times was a little overwhelming. Besides that, the class was very enjoyable.
- nothing
- the A should start from 87 to 100 and B from 77 to 87 and so on.
- the instructor graded in a difficult manner the slightest mistake received little to no credit even in the process was done properly

### 3. Demographics

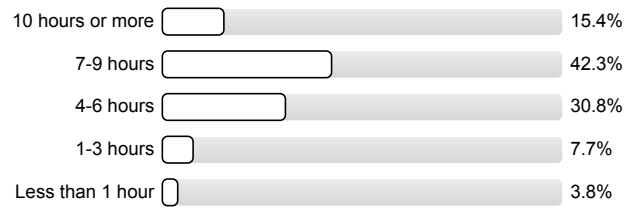

3.1) What grade do you expect to receive in this course?

3.2) For you this course is:

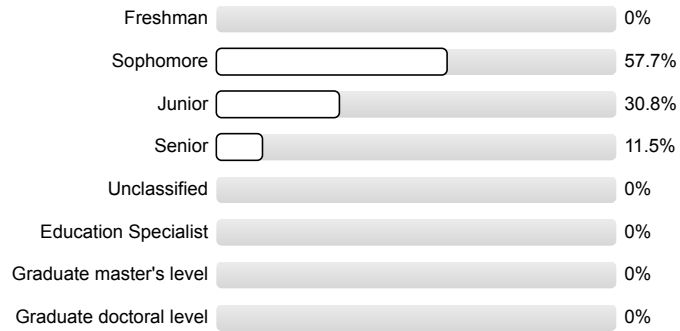

3.3) On average, how many hours each week did you spend preparing for and participating in this course?

n=26

3.4) Are you a:

n=26

# Profile

Subunit: Arts & Sciences - Mathematics and Statistics

Name of the instructor: Jared Holshouser

Name of the course: Calculus III ((201810) MA227.103)  
(Name of the survey)

Values used in the profile line: Mean
